

# EASY ACCESS STEPS- measurement requirements

## option 1 on the pool length

- 1 measurement from poolside to pool floor
- 2 measurement from poolside to pool floor
- 3 measurement from poolside to drainage grate
- 4 measurements of drainage grating (width and thickness)

## option 2 on the pool end

- 1 measurement from poolside to pool floor
- 2 measurement from poolside to pool floor at 1500mm out
- 3 measurement from poolside to drainage grate
- 4 measurements of drainage grating (width and thickness)

If there is no drainage grating around the pool please note the position of any other obstacles or inlets

If you have existing holes for steps please note the diameter of hole, depth of hole and position in conjunction to the poolside
